LEE YU-RI MEMORIAL MONUMENT

1. INTRODUCTION

To thank our parents for their dedication of raising us, to cherish their historic contribution in Chinese military philosophy, and to complete their last wish of rooting in home country, Eric and Rena Lee designed and funded Lee Yu-Ri Memorial Monument which was built and completed in November 2016 at Luo Fu Paradise Park (www.tt-lfjt.com) in Guangzhou suburb, Guangdong Province, China. This Monument is 6.5 ft high and 6 ft wide, constructed with a bronze statue of Lee Yu-Ri on top of a Shanxi black granite square column with two layers of round base. Lee Yu-Ri's philosophical view is displayed in front view. Two eulogies from then government official leaders are carved on either side of the monument. Brief history of Lee Yu-Ri and Lai Yao-Ze with their images are engraved on the back.
